B. We can read a piece of history after only one step.  
C. The door in Traveler means a real door.  
D. There are only three sections in Artworld.

### B

A student came to his teacher in the forest. He asked, "How many friends should a person have?"

The teacher asked him to pick the red apple from a high tree. The student said it's too high to reach it.

"Ask a friend to help you," the teacher replied. The student called another student and stood on his shoulders. "I still can't reach it, either," The teacher smiled, "Don't you have more friends?" The student asked more friends, and they stood on each other's shoulders and backs. They were trying to build a man wall, but the student couldn't.

The teacher asked, "Did you understand how many friends a person needs?" He said a lot so that they could solve any difficulty.

"Yes," the teacher answered, shaking his head in disappointment, "Of course you heavily need lots of friends. Then among all of these persons there would be at least one smart person. He would point out to bring a ladder (梯子)!"

59. How many times did the student ask for friends?  
A. One. B. Two. C. Three. D. Four.
60. What happened to the student and his friends at last?  
A. They didn't reach the apple. B. They built a man wall.  
C. They fell down from the tree. D. They solved the problem.
61. What is the most important according to the teacher?  
A. A ladder. B. The height.  
C. The apple. D. A clever friend.
62. What's the best title for the text?  
A. A good teacher is more important than anyone  
B. Having more friends must be a good thing  
C. A smart friend is rather than more friends  
D. It's important to get along well with friends

### C

Cat and fox were good friends. They used to spend time together and pass their days with great fun. However, fox always thought it's

much cleverer than cat. Cat cared about their friendship and never said anything.

One day they were resting under a tree. Fox said, "What if a dangerous animal wants to kill us, what can we do?" Cat said it only knew one way. Fox laughed at once, "Just one way! I know a thousand ways. I can understand you will have hard time learning more ways, because you are not clever enough."

Cat felt bad and said, "I have been using the same way till now to help me out of danger."

Suddenly, a lion ran towards them. Both cat and fox got scared and knew if they didn't find a way to escape then it would kill them right there. Cat climbed on a tree quickly at once. Fox knew a thousand ways, but it couldn't decide on which way. At that moment, it came to know it's better to have one plan you try and works well than a hundred you know but never try.

63. Why did cat say nothing about fox's laugh at it?  
A. Because it regarded fox as its good friend.  
B. Because it was always afraid of fox.  
C. Because fox ever saved it out of danger.  
D. Because it depended fox to live its life.
64. How did cat get out of danger?  
A. By considering many ways. B. By climbing the tree quickly.  
C. By keeping passing fun days. D. By deciding on right ways.
65. Which of the following is the best title for the text?  
A. Keeping smart is important B. Fox is much cleverer than cat  
C. Danger might be everywhere D. Trying plan is the best way

### D

When Wang Xinyi was 8, grandmother died from disease because of no money. That was the first time Wang experienced the pain of being poor. To support the family, father had to work in cities. Mother is also ill, but she has to take care of the children and their sick grandfather.

"In her last days, my grandmother still thought about the livestock such as cows, sheep and chickens. I remember my mother's helpless tears (泪水) when she tried to find more money to help grandma," Wang said.

Poverty (贫穷) made Wang study hard. As a result, she was always the top students at school. In 2018, she scored 707 points in gaokao and got into Peking University. Wang said, "Only the power of education and knowledge can change my life and save me out of poverty."

Wang's two brothers have already finished college and primary school so far with the help of government. It's reported that government has provided much help for students in different ages in the past ten years. Many poor students achieved their dreams. Also, Wang's parents' and all the other villagers' life has improved heavily.

66. How was Wang's life when she was young?  
A. Wonderful. B. Painful. C. Funny. D. Usual.

67. What does the underlined word "livestock" mean in Chinese?  
A. 庄稼 B. 气候 C. 家畜 D. 种子

A. Wang got out of poverty through her hard work.  
B. Wang was very good at studying all subjects at school.  
C. Wang became a successful education expert.  
D. Wang studied hard to get into Peking University.
69. In which part of a newspaper can we read the text?  
A. Health. B. Society. C. Family. D. History.

E

There are a lot of interesting facts about computer.

Charles Babbage invented all the parts in 1833 that are now used for the modern computer. He is considered as the "father of the computer". But the first "modern computer" was invented 120 years later. And Zuse was regarded as the inventor of the "modern computer".

To everyone's surprise, the first hard drives available were even bigger than a fridge. With the standard keyboard, the longest word one can write is "Typewriter".

We must be surprised that the body of the first mouse was made of wood with metal wheels. They support the movement of the whole mouse. There was also a rope connected to the mouse, which was like the mouse's tail. As a result, it's called the mouse later on.

A normal human blinks (眨眼) around 20 times a minute. However, a computer user blinks just 7 times a minute.

70. What's the main idea of the second paragraph?  
A. The history of computer. B. The size of computer.  
C. The use of computer. D. The process of computer.
71. How does the mouse get its name?  
A. From its material.  
B. From its owner's favorite.  
C. From the year of the invention.  
D. From the shape of the mouse.
72. How does the writer introduce the funny facts of computer?  
A. By comparing facts. B. By listing numbers.  
C. By showing examples. D. By offering similar ideas.

阅读下面短文,并用英语回答问题(请注意每小题后面的词数要求)。

F

Xirli Abudukirm is a hip-hop dance teacher in Urumqi, Xinjiang. Many people think he is a successful dancer and teacher. But the road to success hasn't been easy for him.

Xirli was born in a small city about 200km away from Urumqi. He became interested in hip-hop dance at the age of 12. "It was so cool," he said. "I wanted to dance like the dancers, so I began to learn their moves at home."

Xirli dreamed of being a hip-hop dancer, while his parents wanted Xirli to be a doctor in the future. Xirli didn't listen to them and decided to have a try. "I was not good at moving to the beat of the music at

first, so I often practised a move a thousand times a day just to do well in it," he said. To win support from his parents, he practised quite hard. Finally, he won a local dance competition. When he showed his prize to his parents, he felt that they began to change their attitudes (态度).

As a famous saying goes, "\_\_\_\_\_." Xirli has turned his teenage dream into his job. He now enjoys his work very much.

73. When did Xirli become interested in hip-hop dance? (不超过5个词)

74. What did Xirli's parents want him to be in the future? (不超过5个词)

75. What might the famous saying go? (不超过10个词)
